

## Questionnaire

This information sheet must be completed and sent to: [powertrain@oberaigner.com](mailto:powertrain@oberaigner.com)

### Customer details

Company/name	Address
Contact partner	
E-Mail	Telephone number
Project designation	Enquiry date

### Application description

### Vehicle

Curb weight (kg)	Gross vehicle weight (kg)
maximum speed (km/h)	Maximum speed is electronically limited <span style="float: right;">No / Yes</span>

### Drive data

Load spectrum (speed, torque, time share) available	No / Yes (attached with enquiry)
required service life (h)	Average speed (km/h)
Designation of the drive motor (make, type, inverter, voltage)	
Actual power (at gearbox input) – if power parameters are limited during operation (eg.: speed), list the actual values	
Peak-power (kW)	Continuous power (kW)
Peak torque (Nm)	Continuous torque (Nm)
Peak speed (rpm)	Continuous speed (rpm)

### Parking lock

The parking lock is used	No / Yes
--------------------------	----------

### Quantities

Units per year (Additional information (special regulations: e.g. dangerous goods, special environmental conditions, special requirements, etc.)	Term (years)
---	--------------

All information and notes, in particular from the operating instructions and installation drawing, must be taken into account and considered authoritative. You can access the latest version of this information and documents at [etk.oberaigner.com](http://etk.oberaigner.com).

The suitability of the gearbox for the intended field of application must be individually tested and approved (product and system homologation) and shall be the sole responsibility of the manufacturer of the overall system (vehicle manufacturer, vehicle retrofitter, etc.) and not of Oberaigner Powertrain GmbH.

Revision index: 002	Revision date: 05.02.2026	Created: D.S.	Approved: P.S.
